Hi all,

Attached is the requested follow-up, providing my guidance recommendations for addressing sources of existing data in the PFAS QAPP(s). Please note that this email is not intended to be technical direction to any contractors included in the distribution list of this meeting invitation. Any technical direction to ERG must come directly from Dave Burden. This information is equally applicable QAPPs written by EPA, their contractors, or cooperators.

I'll be out of the office until Mon. Dec. 30th and can address any additional questions at that time.

Thank you,
 Holly Ferguson
